

I-77 WIDENING PROJECT IN NORTH MECKLENBURG COUNTY

WELCOME TO THE I-77 WIDENING PUBLIC WORKSHOP

The **purpose of this workshop** is to provide information on the I-77 Widening Project, which is a roadway improvement project in conjunction with the Augustalee development (previously known as the Village at Lake Norman). We also are asking for your feedback on the project.

There are **three stations** set up at tonight's workshop:

STATION 1: Roadway Improvements – these maps show a preliminary design for each roadway project proposed, including:

- Widening I-77
- Constructing a new interchange at I-77 and Westmoreland Road
- Constructing Jim Cooke Road between Bailey Road and Northcross Drive
- Constructing a new segment of Northcross Drive between Jim Cooke Road and Westmoreland Road
- Widening US 21
- Widening Westmoreland Road
- Realigning Bailey Road at Poole Place Drive

STATION 2: Transportation Improvement Program (TIP) Amendment – As part of the process, the Mecklenburg-Union Metropolitan Planning Organization (MUMPO) TIP is being revised to include the roadway improvements recommended under this project. The TIP revisions presented here tonight are open to public comment before approval by the MPO.

STATION 3: Thoroughfare Plan Amendment – As part of the TIP amendment process, the MUMPO Thoroughfare Plan also needs to be revised to include this project's roadway improvements. The Thoroughfare Plan revisions presented here tonight are open to public comment before approval by the Mecklenburg-Union Metropolitan Planning Organization.

Citizens are **encouraged to comment** at any or all of the three stations. Comment forms for each station are attached here. Comments may be returned during this workshop or via mail, email, or phone until May 8, 2009. Contact information is available at the bottom of each comment form.

While you're here, please **ask us questions!** This workshop is informal, so walk around, look at the maps and information, and talk to the project team. Thank you for coming!
